

JOIN OUR CHILDREN SESSIONS!

Is your child aged 5 - 17 and living in the UK?

Is your child recognized as having a mild to moderate intellectual disability?

Are you and your child interested in participating in a research project?

We would like to hear about your child's experience throughout the pandemic, to find better solutions for support. Join our online children's sessions for fun, adapted and child-friendly activities like storytelling, drawing and picture taking, so that they can tell us more!
