

A research project about Radiotherapy and people who have Learning Disabilities and cancer

	<p>Hello, my name is Charlotte Nutting I am a research student and a Learning Disability Nurse and Social Worker.</p>
	<p>This research project is about: What Radiotherapy is like for people with Learning Disabilities who have cancer, and the family members, paid carers and professionals who support them.</p> <p>‘Radiotherapy’ is a treatment that is used to treat cancer. It uses strong x-rays to kill cancer cells.</p>
	<p>I would like to interview people with Learning Disabilities who have or have had cancer to find out about:</p> <ul style="list-style-type: none"> • how they were involved in making decisions about Radiotherapy. • their experiences of Radiotherapy. • how they were supported after Radiotherapy. <p>I would also like to interview paid carers, family members and professionals to find out about:</p> <ul style="list-style-type: none"> • their experiences supporting people who have Learning Disabilities and cancer with Radiotherapy.
 	<p>To find out more about the project:</p> <ul style="list-style-type: none"> • Watch the short video: https://tinyurl.com/RTLDstudy • Look at the study webpages & the easy read Information Sheet: https://tinyurl.com/IDandRadio • You or a person who supports you can contact me: Phone: 0114 2255989 Email c.nutting@shu.ac.uk <div style="display: flex; justify-content: space-around; align-items: center;">   </div>
