

THE UNIVERSITY  
of EDINBURGH

## ARE YOU A **FAMILY CAREGIVER** FOR AN ADULT OR CHILD WITH AN **INTELLECTUAL DISABILITY (LEARNING DISABILITY)?**

We are doing a research study on wellbeing, stress and coping in people who are family caregivers and we are very interested in hearing from you.

If you feel you could give us 30-40 minutes of your time to complete some questionnaires, this could help us know more about how to support people like you.

For more information and to find out how to take part, please visit:
