Are you an...

Education practitioner (e.g., teacher, SENCO, teaching assistant)?

Have you supported a student with a genetic syndrome, either currently or within the past year?

We want to hear from you!

We want to learn more about ***your*** **experience** of supporting a person with a **genetic syndrome** associated with **intellectual disability** at school. Plus, we're offering you the opportunity to test our new **teacher training resource!**

What does the study involve?

- Participation in an **online interview** (~1 hour)

-Completion of short **questionnaires** (~ 20 minutes in total)

-A chance to review our **teacher training resource** on supporting students with genetic syndromes at school (~ 1-2 hours).

-Receive up to £50 Amazon voucher or cash.
